POINTS SYSTEM FOR 2008

Anyone who wishes to be in the points program **MUST BE SIGNED UP IN THE TOWER, BEFORE THE FIRST ROUND OF ELIMINATIONS**. Absolutely NO excuses. NO points will be awarded for sign ups after the first round of eliminations has started. There is no longer a point awarded for early sign up.

ALL RACERS MUST HAVE A COMPLETED TOWER INFO CARD TO BE ENTERED INTO POINTS

All cars that stage under power for the first round of eliminations are automatically awarded 10 points. Starting with first round all cars will be awarded 10 points for every round won. The following points will be awarded as follows: Quarter Final 1 point, Semi-Final Round 2 points, runner-up Finish 3 points, and Winner 5 points. Technically this system awards a point for the racers that show up every week, it also awards Quarter & Semi-Final finishes. This system will break more ties that DO OCCUR. Tiebreaker will go to final overall points, in the case of a tie for class championship a run off will be used, a secondary tiebreaker for other than class championships is driver with the most races won.
